## SEQTA – NEW LEARNING MANAGEMENT SYSTEM

Dear Parents / Guardians

Welcome to the start of Term 2! We trust that you and your children have had a refreshing break.

In Term 1, we launched SEQTA – a dynamic new learning management system. SEQTA is a one-stop shop for students, staff and parents.

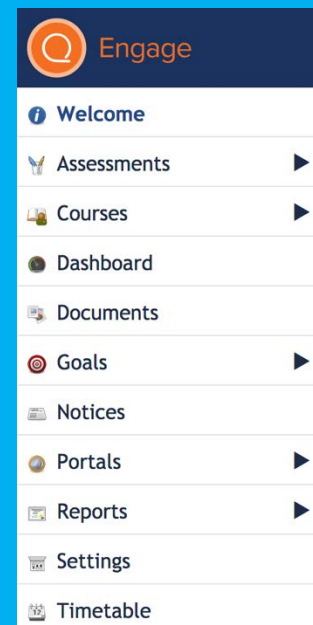

From Term 2, parents will have access to start trialling SEQTA Engage – the portal for parents. SEQTA Engage will be different in Senior School and Junior School.

Year 12 students will not be using SEQTA this year.

### \*\* Senior School Parents Only \*\*

In time, SEQTA Engage will provide access to the following services for parents of Senior School students:

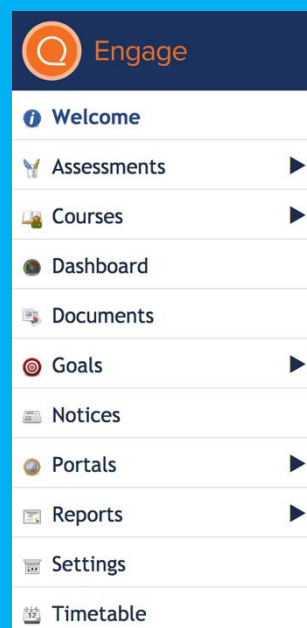

- Student timetable
- Lesson details and resources in each of your child's courses
- Live reporting of assessment results
- Upcoming assessment deadlines
- Collection of all semester academic reports
- Pastoral care dashboard
- Student goal-setting information
- Bulletin board of College notices for your child.
- College documents e.g. Code of Conduct, Canteen menu, Uniform Shop information
- Quick links e.g. College website, Calendar, Forms, Newsletters, Parents & Friends

## **\*\* Junior School Parents Only \*\***

In time, SEQTA Engage will provide access to the following services for parents of Junior students:

- Student timetable
- A 'Weekly Overview' detailing skills and content taught in subjects for the week
- Collection of all semester academic reports
- Pastoral care dashboard
- Bulletin board of College notices for your child.
- College documents e.g. Code of Conduct, Canteen menu, Uniform Shop information
- Quick links e.g. College website, Calendar, Forms, Newsletters, Parents & Friends

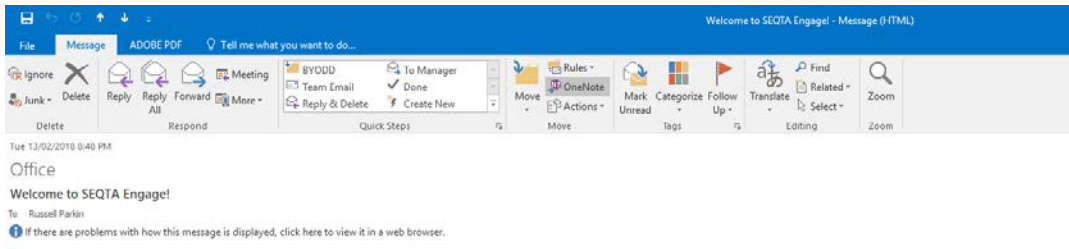

Please note that Term 2 is a **trial period** for SEQTA Engage. Not all of these services will be available immediately. For the duration of Term 2, teachers will be exploring and experimenting with SEQTA; this will happen at a different pace for different teachers. So, we do ask for your patience this term as we familiarise ourselves with the possibilities and practicalities.

Please note that our Year 12 students will not be using SEQTA this year.

### **How to get started on your phone**

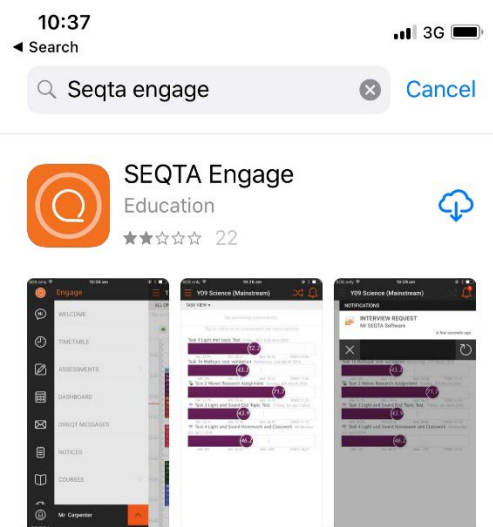

Before you begin, please complete the '**set up your account now**' email you will have received as a parent/guardian from the College. If you do not receive an email please contact the IT team at [SEQTAhelp@trinityac.nsw.edu.au](mailto:SEQTAhelp@trinityac.nsw.edu.au)

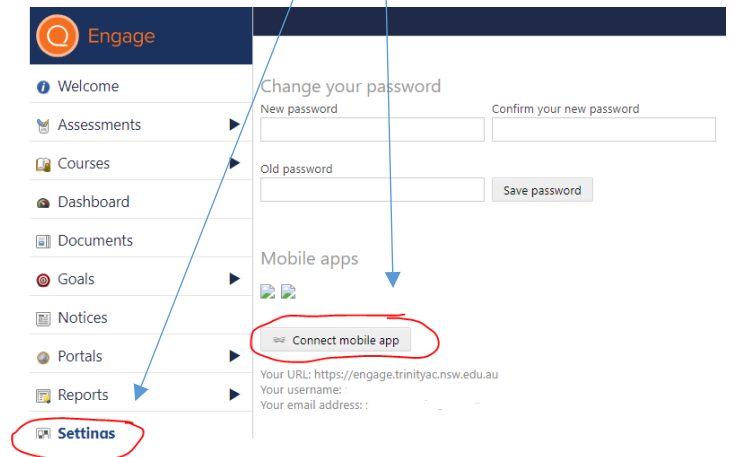

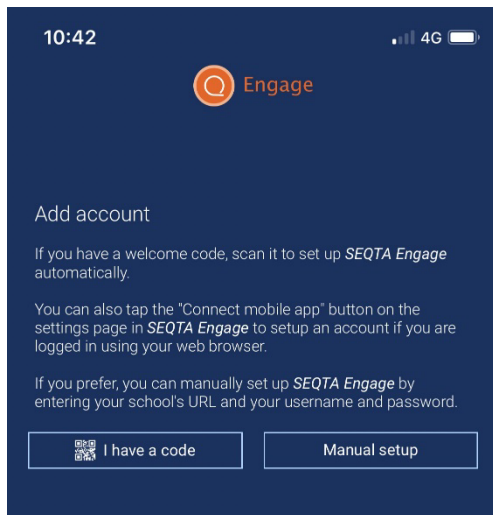

Welcome to SEQTA Engage.

Mr Russell Parkin - Trinity Anglican College has created a SEQTA Engage account for you.  
[Set up your account now.](#)

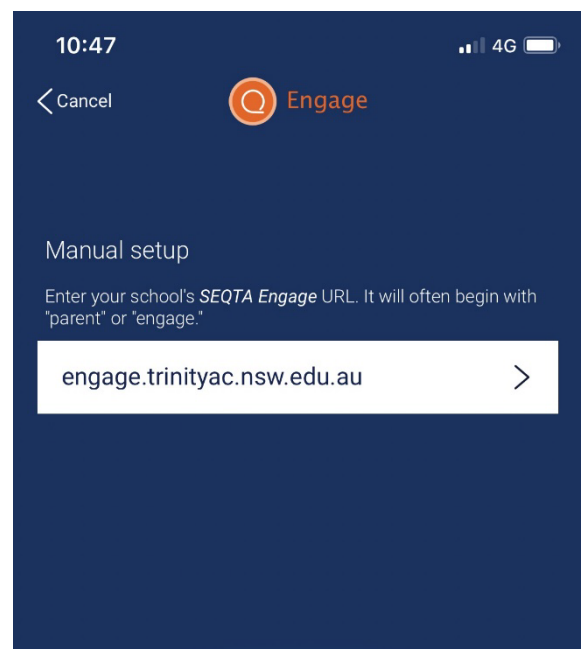

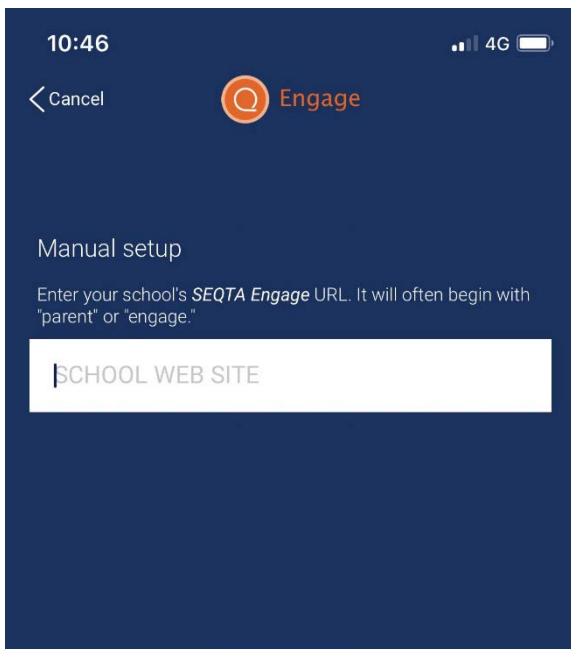

Go to the App Store on your phone and search for “**SEQTA Engage**”. Install the App to your phone.

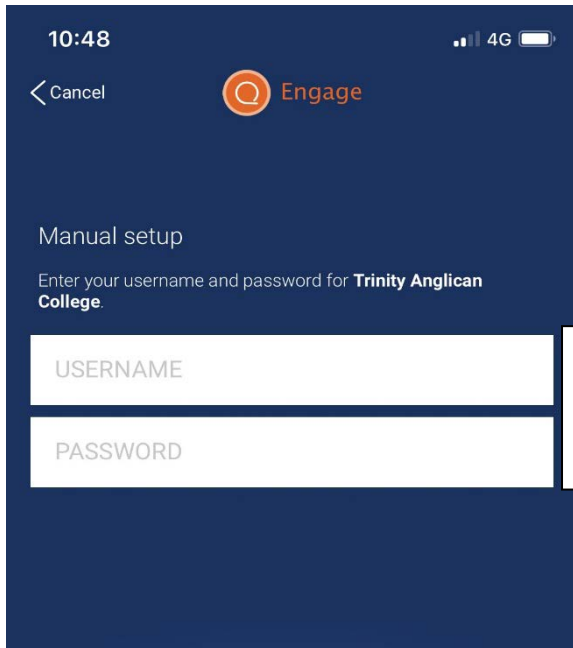

Open the app to start the setup process. You will have 2 options to complete the process. To access the QR code feature, you will need to access the College website **engage.trinityac.nsw.edu.au**. Select the options indicated with the red circles and a QR code will be emailed to complete the process.

When using the manual setup process you will be prompted by the following screen to enter the College website address

Please enter the username and password created from the email sent by SEQTA

## How to get started on your computer

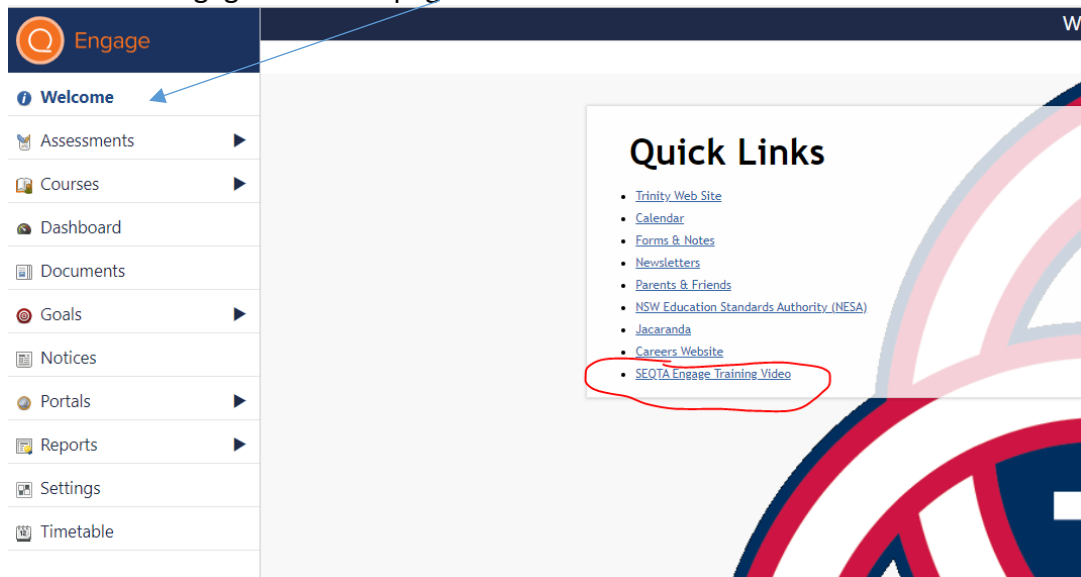

To get started on your computer, click on this link:

<https://engage.trinityac.nsw.edu.au/>

## Parent information sessions and IT Help

There will be more Parent Information Sessions this term. The next one will be on **Tuesday, 8 May at 7pm in the Senior Building South.**

Our Head of E-Learning, Russell Parkin, has created a short video about SEQTA for parents available on the Engage Welcome page

If you are having difficulty connecting to SEQTA, we are happy to support you. For technical help, please send an email to [SEQTAhelp@trinityac.nsw.edu.au](mailto:SEQTAhelp@trinityac.nsw.edu.au)

We are excited to be implementing SEQTA. Thank you for your patience during our implementation period.

Wishing you a terrific Term 2.

Yours sincerely

Justin Beckett  
**Principal**

1 May 2018

**For Teachers**

Whatever your teachers do, SEQTA Teach lets them do it in the most efficient and effective way possible. Supporting modern pedagogical practices (e.g. visible learning, flipped classroom), SEQTA respects teachers' traditional workflows and brings outstanding value to teaching and learning.

**For Students**

Students thrive in the online environment created by SEQTA Learn. With access to everything they need to learn more effectively, and tools that allow them to stretch and reach high, students are more engaged and achieve better outcomes.

**For Parents**

SEQTA opens up the school gates and lets parents engage in the education of their children without creating any extra work for teachers. Teachers can control the flow of information, only opening appropriate windows, yet to do so is as simple as ticking boxes.
